Port fees Kristiansand Havn IKS 01.01.2025 - 31.12.2025.

All prices are exclusive of VAT.

Port fees

Wharfage fees are calculated on the basis of the vessel's gross tonnage according to the International Convention on Tonnage Measurement of Ships, adopted 23 June 1969. The Port's service department establishes the tonnage for vessels that have not been measured.

The wharfage fee is the vessel's payment for the use of public quays and is levied for each whole or part 24-hour lay-time period. The lay time is calculated from when the vessel ties up to when it casts off. A period of six (6) hours of a whole day is calculated as one half of a whole day.

For vessels that by order of the Port Inspectorate must cast loose from the quay to provide space for another vessel and then tie up again, the lay time is calculated as if the vessel had been tied up at the quay for the whole period.

Calls by special vessel in Kristiansand municipality's sea area are to be agreed upon in advance. Price on application.

Minimum fee per call: NOK 344 per day

Goods fees

The basis of calculation is the weight of the goods in metric tons. Large-volume goods are converted to weight units where one (1) m³ is no less than 0,5 metric tons.

Goods fees are the vessel's payment for the use of public quays and areas and are levied for goods shipped by vessels to or from the Port and for goods shipped through public quays.

Goods fees are also levied on goods transferred from one vessel to another without passing through the quay if one of the vessels is at the quayside. In this case, the fee is levied at fifty (50) per cent of the rate levied for goods passing through the quay.

Goods fees cover storage of goods at Port of Kristiansand's quays and areas for a maximum of 48 hours after discharging the vessel and for a maximum of 48 hours before commencing loading the vessel. The port may grant a longer storage period for larger cargos if storage areas permit. Separate regulations and fees apply to special terminals such as the container terminal and the ferry terminal.

Goods fees for incoming goods are the responsibility of the recipient of the goods. Goods fees for outgoing goods are the responsibility of the sender of the goods.

Goods in transit between foreign locations are charged goods fees according to tariffs below.

Type of goods	Fees in NOK
Wood and wood products	8,2 pr. m3
Woodchips	8,2 Pr. mt
Sand, shingle and gravel in bulk	9,2 per mt
Leisure boats	174,5 per unit
Trans-shipment goods	6,6 per mt
Other goods not specified above	13,3 per mt
Minimum payment	102,6 pr. goods lot

Goods on ferries:

Goods fees		Fees per metric ton in NOK
Type of goods		Applies to import, export and domestic goods
F42	Lorry with trailer without goods ³ per unit	47,20
F42	Lorry with goods ⁴ per unit.	248,33
F81	Passenger cars (per car) with ferries winter period 01.10 - 31.03	15,39
F81	Passenger cars (per car) with ferries summer period 01.04 - 30.09	45,15
F82	RVs/caravans/passenger car trailers with ferries winter period 01.10 - 31.03	27,71
F82	RVs/caravans/passenger car trailers with ferries summer period 01.04 - 30.09	59,52
F83	Buses	49,26

Bulk projects:

New bulk projects with an annual volume above 30.000 MT may be priced as separate projects. This applies to types of goods currently not handled in the Port of Kristiansand. Price on application.

Container terminal:

Fees are only paid per container/mafi/etc. (not TEU) regardless of goods in/on it.

Terms of collection:

The payment for import, export and domestic goods is to be levied by the vessels'/goods' agent that completes and send the form for discharging/loading to the Port of Kristiansand no later than three (3) working days after discharge is complete. The Port of Kristiansand invoices the goods sequentially.

The vessel's broker/agent is obliged to send the Port of Kristiansand a copy of the vessel's manifest and/or goods declaration describing measurements, weight, recipients and senders upon the request of the Port of Kristiansand.

3 Classified as **without** goods if weight is less than three (3) metric tons. Classified as **with** goods if weight is more than three (3) metric tons.

4 Classified as **without** goods if weight is less than three (3) metric tons. Classified as **with** goods if weight is more than three (3) metric tons.

The vessel's broker/agent, or the master that expedites their own vessel, may not, unless exigency circumstances exist, expedite goods subject to payment before payment has been received. Expeditors may be invoiced for lack of payments upon failure to comply.

Fees levied are based on goods listed in the vessel's manifest.

The Port of Kristiansand reserves the right to undertake random checks of broker/agent and could demand to see all documentation to verify compliance with the regulations.

If the vessel does not have an expeditor, the collection of fees will be performed by the Port of Kristiansand. Goods in transit are to be listed on the form for discharging/loading for both incoming and outgoing vessels.

Exemptions:

- Passenger's luggage.
- Provisions, oil and other ship necessities.

Passenger fees

Passenger fees are charged on ferries/vessels that make use of special passenger facilities. Passenger fees are charged per passenger.

Drivers of cars transported by ferries are also regarded as passengers. For cruise ships the fees are determined based on the passenger list

Type of passenger	Price in NOK per passenger
<i>Winter season 01.10 - 31.03</i>	
Adult (16+)	9,75
Children below the age of 16	2,57
Children below the age of 3	0
<i>Summer season 01.04 - 30.09</i>	
Adult (16+)	13,34
Children below the age of 16	8,21
Children below the age of 3	0
<i>Cruise ship</i>	
Per pax on board upon arrival	20

Fees for storage of goods and cargo carriers

Goods and cargo carriers that are temporarily stored on the Port of Kristiansand's quays and/or other areas are to be removed as soon as possible unless otherwise agreed by the Port of Kristiansand.

For goods and cargo carriers that are stored on the Port of Kristiansand's quays and/or other areas for more than forty-eight (48) hours after completed discharging, charges will be levied per day/24-hours according to the fees listed below. This also applies to goods and cargo carriers that are placed on the quay and/or other areas earlier than forty-eight (48) hours before the vessel starts loading. These fees also apply to empty containers. For goods and cargo carriers that are/were not transported by sea, fees apply from the first day. Fees for incoming goods are to be paid by the recipient. Fees for outgoing goods are to be paid the sender. For empty containers the fees are to be paid by the shipping company.

Type of goods/commodity	Pris i NOK
Containere per TEU/24-hours	26,- Upon agreement with Port of Kristiansand
Mafi, etc. per unit	Upon agreement with Port of Kristiansand
Short-term rental: Other goods on area, m ² /day	3,6 (Only if permission is granted by Kristiansand Havn IKS in the designated place and minimum per 100m ²)
Long-term: Other goods on area, m ² /day	2,6 (Only if permission is granted by Kristiansand Havn IKS in the designated place and minimum per 100m ²)
Storage on quay/back area, m ² /day	17,- (Unauthorized placement of vehicles, items, or similar on the port's premises will incur an additional charge of NOK 2770,-)

Subleasing is not permitted without the consent of the lessor. The lessor is free to reject an application for sublease, but must provide a reasonable justification.

Expeditors that deliver goods/commodities subject to fees without fees being paid are held responsible for the total amount of unpaid fees.

Terms of collection:

- I. Goods/equipment/vehicles/boats etc. must only be stored in locations designated by Port of Kristiansand. The goods must be transported elsewhere as quickly as possible unless the Port allows such items to remain stored.
- II. Goods/equipment/vehicles/boats etc. stored without the approval of Port of Kristiansand, or that remain stored for a longer period than permitted, may be removed and stored at the recipient's'/sender's expense. If these goods are not collected within 3 months, the Port of Kristiansand may sell them by public auction after issuing a standard notice.
- III. Goods/equipment/vehicles/boats etc. that do not provide surety for accruing costs or perishable goods, or goods that may cause damage, may be sold by the Port of

- Kristiansand prior to the end of the 3-month period, or may be destroyed if necessary.
- IV. If the Port of Kristiansand finds it necessary to repair (or replace) packaging or carry out re-packing, this can be done and the expenses will be reimbursed Port of Kristiansand.
 - V. The Port of Kristiansand is not liable for damage to goods stored in warehouses, at the quays or at open storage areas. This is on the condition that all types of storing, handling and transportation of hazardous materials in the port area are handled according to regulations. ⁵
 - VI. Subleasing is not permitted without the landlord's consent. The landlord retains the discretion to reject a sublease application, provided there is a valid justification. Any additional charges for subleasing are limited to administrative costs.

Project Cargo and Workshop Stay at Kristiansand Port

For vessels calling at Kristiansand Port for project-based loading, unloading (mobilization or demobilization), or workshop stays, an area fee will be incurred. This fee is applicable in situations where quay areas are occupied in connection with projects, as well as for workshop stays where the quay is utilized.

Area Fee:

Area Size: 1000 m²

Fee Rate: 3,6 NOK per m² per day

This fee reflects the costs associated with the use of port infrastructure for specific purposes and is designed to ensure fair and transparent practices.

Crane hire

The cost differs between that of hiring the crane driver and of the crane usage per lift. In any case, the customer will be charged the greatest amount of the two costs.

Commodity/service	Price in NOK
<i>Crane hire (per hour):</i>	
- Heavy lift cranes	1 837
- Crane equipment	3,3 per MT/CBM ⁶⁷
<i>Crane driver's wage (per hour)</i>	
- Monday - Friday kl. 07:30 - 15:00	735
- Monday - Friday kl. 15:00 - 21:00 (50% overtime)	1102

⁵ Work performed on public holidays and Easter Eve, and after 12:00 on the eves of Pentecost, Christmas, and New Year, and the Wednesday before Maundy Thursday.

⁶ The customer will be charged the greatest amount of the two costs.

⁷ Fees do not apply to reachstackers.

- Monday - Friday kl. 21:00 - 07:30	1469
- Saturday – Sunday (100 % overtime)	1469
- Holiday ⁸ (133% overtime)	1712

- Minimum charging period is three (3) hours
- The crane time is calculated on the basis of the nearest half hour
- Overtime booking is charged on the basis of a minimum of 3 hours (this does not apply after regular working hours)
- If the crane driver is required to wait, he receives his wage for this time period based on the above tariffSe
- General terms / conditions www.portofkristiansand.no

Hire of equipment

The Port of Kristiansand has equipment for hire. Contact the Port for further information regarding available equipment. The renter must ensure that the rented equipment is insured.

Hire of equipment:	Pris i NOK
Wheel loader pr hour	1103
Terex pr hour	734
Molly per hour	2582
Mooring boat, ordinary rate per hour, minimum 3 hours.	2500
Mooring boat, 50% rate per hour, minimum 3 hours.	3000
Mooring boat, 100 % rate per hour, minimum 3 hours.	3500
Bjørnen weekday/Saturday & Sunday	1954/2435
Utteren	1100
Sprekken og Riveren (Boat) per hour	413

⁹Kristiansand port may adjust the price per kWh throughout the year, for ships/floating vessels connected to the shore power facility, due to changes in regulations from the superior authority, fluctuations in market price, and changes in tariff throughout the year.

¹⁰In case of delays or similar situations, additional billing will apply per hour. Overtime is invoiced at the same time as "work for others" and at the minimum rate. Hired personnel will incur a 10% surcharge for administrative costs.

¹¹Hired personnel receive a 10% surcharge in administration fees

¹² Prices based on NOK 2,05 per kW/h, 75% withdrawal of available capacity and are billed from the start of each day. Kristiansand port may adjust the price per kWh throughout the year, for ships/floating vessels connected to the shore power facility, due to changes in regulations from the superior authority, fluctuations in market price, and changes in tariff throughout the year.

Cancellation of shore power

Cancellation of shore power within 1 month before ETA, the ship will be invoiced for incurred costs, including an administrative fee.

Water fees

Water supply for vessels is charged according to the following fees:

1. The Gate fee is collected by the terminal operator NOK 15 minimum NOK 410 per delivery.
2. Wage according to invoice.

Freight fees - land-based traffic

When discharging goods from railway carriages, lorries, freight wagons etc. within the Port of Kristiansand's common area that have not been hired exclusively, fees are levied according to the tariff for goods fees where goods are discharged from vessels operating through Port of Kristiansand's area. See section 2. Goods fees.

Terms of collection etc.:

1. Discharging goods from railway carriages, lorries, freight wagons etc. is prohibited unless authorized by Port of Kristiansand. Authorization is given to goods owner or ship's agent.
2. The goods owner or ship's agent issue a form with details of the types of transportation and the weight of the goods along with monthly payment.
3. Port of Kristiansand reserves the right to randomly carry out inspection of goods owner or ship's agent and may request a presentation of the required material.

Sightseeing and charter boat traffic

Sightseeing and charter boats at no more than 25 meters in length will normally not have to pay port fees when using Port of Kristiansand's quays whenever collecting/diseimbarking passengers.

This does not automatically ensure rights to a slot. A slot cannot be booked in advance or be required, and Port of Kristiansand's employees may refuse boats if they hinder or pose a threat to other traffic.

Quay stops by sightseeing and charter boats at no more than 25 meters in length are considered as local traffic and are not recorded in the Port's calling register.

Hence, no type of claim may be made at Port of Kristiansand.

If the duration of the quay stop exceeds the normal time for collection/diseimbarkation (of passengers) the port may record the call. This will automatically incur charges of port fees according to relevant tariffs.

If a slot is booked in advance, vessel fees will be charged according to tariff.

Registered fishing vessels

Calling fee regulation is valid also for Registered Fishing vessels. Registered fishing vessels can enter into an agreement for calling fees of NOK 5 379,- per annum.

This does not automatically ensure rights to a slot. A slot cannot be booked ahead of time or be required, and the Port of Kristiansand's employees may refuse boats if they hinder or pose a threat to other traffic.

Registered fishing vessels will not be charged for wharfage fee for normal service stop.

If the duration of the quay stop exceeds the time required for a normal service stop, the Port may record the call. This will automatically incur port fees according to the tariff.

Wharfage fees fishing vessel – or renting a permanent place at Båly- and Gismerøya fishing harbor and Bryggegata.

The fee is determined per meter of quay that is available/vessel length.

For agreements valid for one year or more: NOK 1 695,- per month per year

For agreements valid for one month or more: NOK 176,- per month per month

In Bryggegata, there will be no fixed mooring in the period from 15 June to 15 August.

Vessels must be removed if Kristiansand port IKS needs to dispose of the quays for other activities. Remuneration is not refundable in such cases. The wharfage fees do not include electricity, water, or waste disposal. Wharfage fees for restaurant barges in Bryggegata: NOK 27 676,- per year.

Charges for hiring personnel

Consulting, project work, project management, etc. 100 %	2292 ¹⁴
Consulting, project work, project management, etc. 133 %	2671 ¹⁴

¹³ Minimum three (3) hours.

¹⁴ Work performed on public holidays, as well as on Easter Eve, and after 12:00 on the eves of Pentecost, Christmas, and New Year, and the Wednesday before Maundy Thursday.

¹⁵ Overtime is invoiced at the same time as work for others and at a minimum rate.

External hired personnel/services receive a 10% surcharge in administrative fees.

ISPS

ID-cards etc. - annual fees:

Persons who have been cleared by the Port's Manager of Security may be issued with their own ID-card.

Commodity/service	Price in NOK
Transport security agreement (per company) ¹⁶	689
Annual fees (includes costs of issuing the card) ¹⁷	596
Fees for issuing a replacement card	596
Driving permit	459
Temporary access/driving permission, Per visit, up to seven (7) days	91
Car/lorry entering an ISPS area	32
Buses entering the ISPS/secured area per crossing	100
Zero-emission buses to cruise ships entering the ISPS/secure area per crossing	0
ISPS vessel calls (per day/call)	710

¹⁶ Adjustments may occur during the year in connection with the implementation of a new national arrangement for security contacts. Otherwise, prices will only be adjusted according to the CPI.

¹⁷ For tenants at Kristiansand Harbor, the issuance of more than 30 access cards will be charged at 50% of the price for the excess quantity

Further security measures

If other security measures that exceed the permanently based ones are required, such extra charges will be invoiced. If a vessel/port requires ISPS-security guards beyond physical safeguarding, these will be subject to additional charges in accordance with tariff Work for others with a minimum cost of 3 hours per person.

Special circumstances

The above mentioned tariff applies to the 'normal' everyday situation. Should the international situation deteriorate and require the implementation of security level 2 and/or 3, such circumstances would require fees for other operational costs. Any such additional costs will be charged when necessary.

Terms of collection

- All types of security fees are invoiced separately.
- Annual cards and replacement cards are issued by the Port gateman who also issues basis for items to be used in invoices.
- The fees are invoiced to the employer or the person privately.
- The basis for items to be used in invoices is given to Port of Kristiansand's accounting department who issues invoices.

Lorries/railway carriages in the ISPS area

Unless otherwise agreed, fees are invoiced to the owner of the vehicle. The Port gateman registers names and numbers of vehicles entering all areas. The basis for items to be used in invoices is given to Port of Kristiansand who issues invoices.

ISPS vessel calls

The items for charging are contained in Ports call list. The Port of Kristiansand invoices the ship's owner.

The handling of waste and other remains

Vessels from the EU/EEA area that call at the Port of Kristiansand are charged a fee of NOK 575,- per call. This includes a maximum delivery of 0,5m³ remains. The amount of any remaining waste is charged separately.

Tariffs for mooring/cast off

The tariffs apply to the local quays in the Port of Kristiansand area. The tariffs are based on the vessel's gross tonnage and cover both mooring and cast off requiring one (1) person.

Skala BT	Price in NOK
0 - 4000	2052
4 001 - 8000	2565
8 001 -	197 per 1 000 ton

For ships over 8,000 BT, an additional fee of NOK 197 per 1,000 BT will be calculated.

Ships over 8,000 BT usually require additional personnel for mooring, and an hourly rate per person is calculated, including any potential overtime. Any mooring boats or machinery are invoiced separately according to specific rates.

If Port of Kristiansand considers it necessary for the safety of the ship or personnel, or if the ship itself requests assistance from more than one (1) man, the rate is charges for hiring personnel. Any mooring boat is charged additionally according to tariff set by the Port of Kristiansand.

Cancellation fee

In order for Kristiansand Port to confirm availability for cruise ships well in advance of the desired arrival date, bookings must be secured with a cancellation fee. Adjusting cruise schedules requires significant resources, and the chance to replace a canceled cruise call with another ship diminishes the closer one gets to the arrival date. Cancellation of calls within 72 hours before ETA, the ship will also be charged of costs incurred (eg security, bus shuttle and extra mooring assistance etc.

Cancellation fees	Percentage of quay fee
Cancellation before 24 months of ETA	0 %
Cancellation within 24 -6 months of ETA	10 %
Cancellation within 6 months of ETA	20 %
Cancellation within 3 months of ETA	50 %
Cancellation within 72 hours of ETA	100 %

Calling fee

With the exception of vessels that qualify for discounts or exemptions, all vessels that call at the Port of Kristiansand district must pay a calling fee. This includes anchoring and other stays that do pertain to regular sailing through Kristiansand municipality's sea area.

The fee is set by the Port Board and is based on the full cost principle. The full cost is approved by an accountant and in compliance with the regulations placed on the Port of Kristiansand set by the Norwegian Coastal Administration. The fee can be adjusted during the year.

Calling fee 2025:

BT

NOK per BT

NOK 0,21

Minimum fee per call: NOK 335,-

Vessels that qualify for discounts:

- Scheduled vessels with more than one (1) call per week are given a twenty (20) per cent discount.¹⁹
- Scheduled vessels with one to four (1 - 4) calls per month are given a fifteen (15) per cent discount.¹⁹
- Vessels that call at the Port only to refuel, take on board provisions or change crew are given an eighty (80) per cent discount.

Vessels that are exempt:

- Vessels no more than fifteen (15) meters in length
- Salvage and ice-breaking vessels under the execution of salvage operations or ice-breaking.
- Naval vessels, both Norwegian and foreign.
- Vessels belonging to the Norwegian Coastal Administration undertaking work
- Vessels belonging to the Governor of Svalbard and the Norwegian Polar Institute undertaking work
- Vessels that call at the port due to damage or emergency situations when the vessel hereunder does not load, discharge or take on board passengers.

¹⁹The schedule must be approved by the port.
